7 zone contour response pocket spring and mini pocket spring

Our pocket on pocket spring system provides individual support and uniquely conforms to your bodies shape whilst targeting pressure relief in the hip and lumbar area.

Edge Care comfort plus

High density polymeric foam box construction provides full edge support creating luxurious comfortable feel whilst maximising the sleeping surface.

ViscoCare gel foam

Do you sometimes overheat during the night? ViscoCare gel foam infuses memory foam with gel particles to help prevent you from getting too cold or too hot overnight. On top of that, it also provides better support, breathability and body contouring!

Progressive support technology

Our mattresses are specifically engineered to provide comfort at the top of the bed and firmer support towards the spring, allowing the sleeper with a long lasting progressive feel.

Coolflow

High resilient PCM infused foam offers superior temperature regulation technology by pulling the heat away from the skin and the surface of the mattress, PCM produces the perfect microclimate for a mattress.

Minimal partner disturbance

If your partner tossing and turning at night sometimes wakes you up, this mattress will be a dream come true for you. This design is purposefully crafted to ensure minimal partner disturbance, so that you can both enjoy uninterrupted Z's.

Copper

Natural and environmentally friendly, this material has been said to assist in healing the human body. Offering exceptional antimicrobial properties that kill bacteria, copper is also highly conductive, helping you stay cool and comfortable during the night.
