### Matching product range available

Looking to complement this design with another? We've planned ahead for you. We offer a matching product range under the same name - give it a search and start mixing and matching!

### Center support rail

This bed is fitted with a center support rail which not only adds a world of difference to your comfort, but also helps prevent damage to your bed and mattress. Without a center support rail you risk your bed sagging in the middle over time which warps both your mattress and your bed's slats. No thank you!

### Exquisite Blackwood Timber

Keep the bedroom clutter free and looking tidy with this bed's added storage drawers. Organise your clutter, store your shoes or blankets, or keep your treasures safe and sound. Whatever you choose to use them for, you'll sleep easy knowing everything is in its place.

### Easy to assemble

Forget spending hours trying to make sense of indecipherable assembly instructions, this design is very easily assembled so you can spend less time decoding and more time admiring your new addition.
