Matching product range available

Looking to complement this design with another? We've planned ahead for you. We offer a matching product range under the same name - give it a search and start mixing and matching!

Timber slats

Feel supported and comfortable all night long with this bed's inbuilt timber slats. Timber slats are flexible enough to allow for movement and adjustment while maintaining a firm support. In double or larger beds we add two separate sets of slats for either side. This allows for one side to adjust without affecting the whole bed, which means even if your partner is tossing and turning, you won't be!

Rustic finish

Get that classic and charming look in your room in a snap with this design's rustic finish. This look pairs perfectly with other classic and rustic look designs to create a timeless style.

New Zealand pine timber

Of course our neighbours New Zealand supply the best quality pine on the market! New Zealand pine is natural, strong, and sustainable making it an ideal material for our designs. This pine accepts stains like a champ as you can tell from the gorgeous warm finish on this design.

Mattress and accessories not included

Please note the pictured mattress and accessories (e.g. headboard, bedside table, etc.) are not included with this purchase and are for illustration purposes only.

Center support rail

This bed is fitted with a center support rail which not only adds a world of difference to your comfort, but also helps prevent damage to your bed and mattress. Without a center support rail you risk your bed sagging in the middle over time which warps both your mattress and your bed's slats. No thank you!
